Judge Charles A. Williams is making the excellent record on the Municipal Court bench that all his friends predicted he would make.

A box of "Tom Palmer" or "Tropic" cigars makes one of the nicest Christmas presents that we know of.

Dobbins' Soap Mfg. Co., of Phila., the manufacturers of DOBBINS' ELECTRIC SOAP, say they would rather close up their immense works than to put one grain of adulteration in their Dobbins' Electric Soap. Would that all were as honest.—Adv.

AUTOMOBILE MEN

Items of Interest About the Most Popular and Useful Industry of the Day and the People In It.

The second annual Automobile Derby will be held on the Chicago Speedway June 17. It will be followed by another meet on the oval on Oct. 14. These dates were allowed the Speedway Park Association by Richard Kennerdel, chairman of the contest board of the American Automobile Association, who met with representatives of every speedway in the United States the day before the Vincent Astor race was supposed to have been run in Gotham.

While no date was assigned, it is known that Chicago will have another date sandwiched between those assigned for the long-distance events, it having been decided by officials of the speedway to make the 100-mile challenge race, so successful last Aug. 7, an annual affair.

President David F. Reid, Secretary Frank Foster and Treasurer Christian F. Weihe represented the Chicago Speedway at the meeting. They were elated to have been so successful in securing June 17 for the first race, that date being identical with the date of the opening meet.

Chicago will be the scene of the third speedway race of the season, the first being scheduled for New York on May 13 and the second at Indianapolis on May 30, the date which the Hoosier track has held since 1911. New York was assigned Sept. 30 for its second meet and Indianapolis secured Sept. 15 for its second. It is notable that Indianapolis is returning to a two date a year policy, which it abandoned in 1910. Minneapolis, the other member of the big four, will hold its second race on July 4.

The Chicago Automobile Club, the finest and strongest automobile club in the country, is campaigning for new members. It ought to get three thousand more at once, for it is a real club with a real purpose.

The Ralph Temple Automobile Company, 1219 South Michigan avenue, is noted for its fair dealing, for its up-to-date and popular machines and for its public spirit and enterprise.

Owing to the insistent demand the Chicago Pneumatic Tool Company is placing a line of Worm Driven Trucks on the market. For the present these will be built in 1-ton and 2-ton sizes. In both sizes the following standard-sized units are used:

Timken Worm Drive.
Continental Motor.
Brown Lipe Transmission.
Feddors Radiator.
Schebler Carburetor.
Spicer Universal Joint.
Eisemann High Tension Magneto.
Chrome Vanadium Steel Springs.
Special Alloy Pressed Steel Frame.
Jacox Non-Reversible Steering Gear.

In the 1-ton size, known as the "Little Giant," Model 15, the wheel base is 120 inches. The engine has a 3½-inch bore, 6-inch stroke. Pneumatic Tires 34x4½ inches are used on the front wheels; solid tires 34x3½ inches, single on the rear. This model will have a capacity of 3800 pounds, 90 per cent on rear wheels.

The 2-ton model known as the "Little Giant," Model 16, has a wheel base of 144 inches. The engine has a 4½-inch bore, 5½-inch stroke. Solid tires, 36x4 inches, single will be used on the front wheels; solid tires 36x3½ inches dual, will be used on the rear wheels. This model has a loading capacity of 5500 pounds, 90 per cent on rear wheels.

Combination force feed and splash oiling system is used in both models; the force being operated by a double

vertical plunger pump driven from cam shaft.

The Model 15 is listed at \$1,500. The Model 16 at \$2,500, f. o. b. Chicago Heights, Ill.

The Akron Tire & Vulcanizing Company of 932 Jackson Boulevard has a branch at 3927 Sheridan Road. They are experts at repairing automobile, motor truck and solid carriage tires and vulcanizing in all its branches.

A. J. Banta, the wide-awake general manager of the Locomobile Company, 2000 Michigan avenue, is popular with everybody in and out of the auto world.

S. Carl Whisler, the popular secretary of the Akron Tire & Vulcanizing Company, at 932 W. Jackson boulevard, reports a steady demand and increasing business for this great tire company. The "Mohawk Quality" tires, sold by this concern, have a high reputation and have given great and genuine satisfaction to all who

have used them. They are open all night, at 932 Jackson boulevard, and guarantee quick service.

The Locomobile Company of America is keeping its lead in the affections of the public. There is an unquestionable tendency on the part of close buyers toward better cars—cars that not only give satisfactory engine service, but also provide comforts, conveniences and refinements associated with high-class coach building.

Ralph Temple has a great car in the eight-cylinder Hooller. It is a great car, high grade and popular with everybody who has used it.

Street car service could not be much worse, and all the paid ads in the daily papers cannot convince the people to the contrary.

For a holiday gift a box of "Tom Palmer" or "Tropic" cigars cannot be excelled.
